Request for Proposals for:

For the Norwalk Public Schools

I. BACKGROUND INFORMATION

The Norwalk Public School District is the 6th largest in Connecticut. The city population is 87,190, and is located in Fairfield County in the Southwestern part of the State on Long Island Sound. Norwalk covers 22 square miles and has a community which is diverse both ethnically and economically. The school district has approximately 11,500 students, and 19 schools.—twelve elementary schools, four middle schools, two high schools, and one pre-school. Brien McMahon High School has approximately 1750 students.

Brien McMahon High School currently contains an Automotive Shop and Planting Room, which is currently not in operation. As part of changing school programs, Norwalk Public Schools desires to provide a Marine Science Pathway at the Brien McMahon High School. Support of the Marine Science Pathway initiative is in Partnership with the Per and Astrid Heidenreich Family Foundation and the CMA Educational Foundation.

The current automotive shop contains two vehicle lifts and a welding area, including an instructional area. The existing Planting Room currently contains some laboratory casework, sinks and many windows. Because of its old function, the room currently does not have cooling.

II. SCOPE OF SERVICES TO BE PROVIDED BY THE CONSULTANT

Norwalk Public Schools is looking for Architectural and Engineering Services to improve and revamp the current automotive shop and planting room to support the new Marine Science Pathway. Improvements are to include (but not limited to) Planting Room - HVAC and electrical upgrades and blinds to improve the learning environment.

Automotive Shop – Improvements are to include but not limited to; wall removal and reconfiguration, new aquatic research areas including aquariums to be piped to a central filtration and pump room, a flexible marine engine repair space and a teaching classroom, MEP Upgrades, millwork, and finishes.

The successful responder will be tasked with meeting with Marine Science Pathway Staff to complete programming of the space and provide schematic designs for review, comment, and final construction drawings to issue for bid.

This a fast track project and the intent of the project is to have all design work completed so construction can begin in June 2019 and be completed in advance of the 2019/2020 School Year in August 2019. As a result, design services are to start one week after selection.

The approximate construction budget for this project is \$432,000.

Scope of Services

1. Architectural and Engineering Design Services: Services to include, but not be limited to architecture, structural, mechanical and electrical engineering services, plumbing, fire protection, technology (data, telephone, integrated communication systems and computer wiring), special inspection & state of special inspections (materials testing by others) security and fixtures, furniture and equipment.
2. Reimbursable Expenses: There are no reimbursable expenses, respondents shall include all costs including but not limited to mileage, printing, copying, long distance phone / fax, postage, and overnight delivery services. Architect is provide sufficient copies of documents for State and local approval process.
3. State & Local Permits and Approvals: Coordination of all required state and local permits and approvals including, but not limited to, Planning & Zoning Commission, Building Department, Fire Department, Any fees associated with required permits and approvals will be paid for or reimbursed by the Norwalk Public Schools with no additional markup by the A/E.
4. Meetings and Approval Process: The successful respondent shall be expected to be available as needed and work closely with the Norwalk Public School System, Norwalk Board of Education, and the school's based building advisory committee appointed by the Norwalk Facilities Construction Commission (NFCC) in preparing detailed designs and specifications and at periodic points advise the NFCC as to the most economical, feasible and beneficial approach to complete the proposed project in the best interest of the City of Norwalk. The respondent shall prepare minutes of these meetings.
5. Schematic Design / Design Development Phase Deliverables: At minimum, the deliverables to be prepared by the architect at the completion of the Schematic Design / Design Development Phase shall consist of the following:
 - A. Floor Plans
 - B. Elevations
 - C. Sections
 - D. Typical Details
 - E. Finish Schedule
 - F. Outline Specifications and Related Documents
6. Construction Document Phase Deliverables: based on the design development phase approvals, the design architect shall prepare complete construction documents. Services shall include, but are not limited to the preparation and submission of final plans, drawings, documentation, specifications and details, state code modifications if required, and administration of the contract for bidding and construction, all state and local governmental approval processes required and shall require the successful respondent to attend and participate at meetings of various committees and groups.
7. Bid Phase Services: Architect shall provide bid phase support services to the Board of Education, attend pre-bid meetings, answer Requests for Information (RFIs), and provide necessary information/documents for the issuance of addenda.
8. Construction Administration Services: Services under CA shall include the following:
 - A. Review and respond to submittals.
 - B. Respond to RFIs and provide any design modifications as may be required.
 - C. Attend weekly construction including all sub-consultants as necessary.
 - D. Perform site reviews of construction activities to insure quality of materials and workmanship and address any design issues relating to site conditions.
 - E. Review and approve monthly CM requisitions and change orders.
 - F. Attend City meetings as required.

G. Punch list creation and management.

III. Proposal Submission Format

All responses to this RFP must be in sealed envelopes and marked with the RFP reference title, the RFP number and due date and time. The candidate's name and address must appear on the envelope. Proposals should be put forth full, accurate, and complete but concise information as required by this request. The Norwalk Public Schools shall not be liable for costs incurred in the preparation of the response to this RFP.

Firms should create their submission in 8 ½" x 11" document size using a minimum of 12-point font size, double sided. Proposals should be prepared simply and economically providing a straightforward, concise description of the applicant's ability to meet the requirements of the RFP. Fancy bindings, colored displays, promotional materials, and so forth are not desired. Emphasis should be completeness and clarity of content. The board of education reserves the right to reject proposals/parts thereof or to solicit new proposal and award contracts as it deems in its best interest. All proposals remain the property of the Norwalk Public Schools.

Request for Proposal (RFP) shall include the following, in this order:

- A. Introduction Letter: A cover letter shall identify the lead consultant, their area of expertise and understanding of the project. The letter should also summarize the firm's background and relevant experience providing Architectural and Engineering Design Services or projects of similar magnitude.
- B. Staffing: The RFP should clearly identify personnel who will have role and lead the project. Please include resumes of team members. In addition, the RFP shall also identify any sub-consultants, their qualifications and provide experience of the firms working together.
- C. Method and Approach: Firms shall provide the recommended approach for the project, examples of such approach, a timeline for the project, options for what the final plan would look like, an estimated schedule on how long it would take to complete the project and an estimated budget.
- D. References: No more than (1) page per project. The lead consultant shall provide a list of references in which similar services were provided by the lead consultant for these comparable projects, within the past five (5) years.
- E. Forms: Bidders Information and Acknowledgement Form, RFP Response Forms, including pricing sheet, and Addenda Acknowledgement form, Non-Collusive Bid Statement and Exceptions Form (if any).

IV. Criteria for Evaluating Proposal Submissions

Proposal submissions will be evaluated based on the following criteria:

1. The key personnel to be assigned to the project and their current workload.

2. The firm's qualifications and, experience, and demonstrated familiarity with Public School Building Projects in general and specifically renovation projects of a similar size, scope and nature.
3. Previous design and oversight experience in projects involving alterations and renovations for similar facilities.
4. The proposed project approach and how staff and consultants will be organized and utilized both during design and construction administration phases.
5. Extent of services offered, and depth and extent of overall resources that will be put to use to ensure the success of the project.
6. Quality of references from previous clients.
7. Proposal Response Forms and fees.

The Norwalk Public Schools reserves its rights to examine any other criteria and take the same under consideration and to reject any firm or proposal despite its compliance with these criteria if it determines that to do so would be in its best interests.

V. Insurance

Prior to the commencement of any work on the project and no later than ten (10) days after notice of award of the contract, the successful Contractor shall submit to Owner evidence of insurance demonstrating that the contractor has coverage for Workmen's Compensation Insurance, Liability, Property Damage, and Automobile/Truck insurance with the minimum limits of liability set forth herein. Certificates of insurance shall contain a provision that such policies shall not be cancelled or permitted to expire until at least thirty (30) days prior written notice has been provided to Owner. Further, owner shall be named as an additional insured. Insurance shall be provided only by companies licensed to do so in Connecticut and shall have a current A.M. Best Rating of "B+" or greater. Insurance policy certification must accompany the proposal.

- a.) **Worker's Compensation Insurance** shall not be written for less than the statutory limits and shall include Employer's Liability Insurance at a limit of not less than Five Hundred Thousand Dollars (\$500,000);
- b.) **General Liability Insurance** shall be insured at a limit of not less than One Million Dollars (\$1,000,000) for each occurrence and Two Million Dollars (\$2,000,000) for total aggregate liability; additionally, shall be insured with an umbrella coverage not less than One Million Dollars (\$1,000,000).
- c.) **Property Damage Insurance** shall be written at a limit of not less than One Million Dollars (\$1,000,000) for each occurrence and One Million Dollars (\$1,000,000) for each aggregate liability; and
- d.) **Comprehensive Automobile Liability Insurance** shall be maintained throughout the term of any ensuing contract to cover owned automobiles; leased, hired or rented automobiles; employers' non-ownership liability; medical payments and uninsured motorists. This same coverage is understood to extend to all trucks and motorized equipment. The limits of liability shall be no less than:
 1. One Million Dollars (\$1,000,000) for each person and One Million Dollars (\$1,000,000) for each occurrence for personal injury and bodily injury; and.
 2. One Million Dollars (\$1,000,000) for each occurrence of property damage.
 3. Umbrella insurance of additional One Million Dollars (\$1,000,000).

VI. Proposal Response Instructions and Forms

All responses to this RFP must be in sealed boxes or envelopes marked with the RFP Reference Title, the RFP Number, and due date and time. The candidate's name and address must appear on the package.

Proposals should put forth full, accurate, and complete but concise information as required by this request. The proposal shall include, at minimum all items outlined in section III.

You may include any additional information that demonstrates your qualifications for this work.

Proposals are to be submitted to:
