

Profile Settings

Profile settings allow you to change your avatar, update your theme color, and more!

Click on your profile picture and click profile settings.

The screenshot displays the ClassLink dashboard interface. At the top left, the 'ClassLink' logo is visible. The main area is a grid of application icons including Brainpop Jr., ABC Ya!, Google Classroom, English, Schoology, Edmodo, Social Studies, Study Island, Science, Math, Google Drive, RDP App, Khan Academy, Gmail, My Files, Renaissance Place, Dictionary, Discovery Education, Achieve3000, SuccessNet, Library, and Brainpop. In the top right corner, a user profile dropdown menu is open, showing the user's name 'Lindsey Velez', email 'lvelez@classlink.net', 'ClassLink Demo' status, and 'Cloud Drive Usage: 3 GB'. The menu contains three buttons: 'Change Profile', 'Profile Settings', and 'Sign Out'. A red circle highlights the profile picture and the dropdown menu, and an orange arrow points to the 'Profile Settings' button. At the bottom of the screen, there is a dark navigation bar with icons for 'My Apps', 'My Files', and 'My Classes'.

General Settings

You can change your avatar and *personalize your password* on this page. Do not forget to click **“SAVE SETTINGS”** when you are done!
